

MEGA STORES

Efficient retail stores require a lighting system that enhances the shopping experience, provides excellent color rendition and consumes little energy.

PRODUCT FEATURES

Lithonia MS8 fixtures are available with high efficiency T8 lamps and feature:

- Superior color rendition.
- Uniform light throughout the store.
- Easy integration with skylight systems.
- Instant-on capability for convenience and safety.

ECONOMICS

The MS8 fluorescent lighting system is an excellent alternative to metal halide high bay lighting. Installing a 3-lamp MS8 fixture will provide:

- Operation at 1.0 watts/sf, 50% lower than standard 90.1-2001.
- Energy cost savings of about 10% compared to 400W metal halide, totaling more than \$530/year for every 10,000 sf.
- \$.60/sf tax deduction.
- A reduced payback by 10% with an accelerated depreciation from the tax deduction.

Assumes \$0.10/Kwh, 5,000 operating hours per year and 35% tax rate.
